

# Mendota Heights Community Resource Association

## MISSION STATEMENT:

Promote citizen participation in City government with the objective that we preserve, protect, and enhance those characteristics that make our City the desirable place to live, raise our families, and retire that it has become.

To protect our open spaces and community facilities, and to be sensitive to how developments of every nature impact the values that have made our City a desirable residential community.

To be vigilant in protecting the City from changes and development that will adversely affect traffic flow in and through the City.

To continue to encourage the reduction of traffic noise, particularly air traffic noise in the City.

To encourage development that is consistent with the foregoing values and objectives, and compatible with the neighborhood in which it is to be located, and not adversely affect adjacent neighborhoods, or public health and safety.
